

The Trilateral Group

Founded in 1987, **Trilateral Group** is an experienced strategy consulting company focused on developing specialized knowledge businesses and programs. Representative clients include corporate, government and international organizations such as: **AIG, BP, IAS, Mars, Shell, JETRO, NATO, the U.S. Department of Energy and the World Bank.**

Trilateral has trusted strategic partners throughout the world notably **Ridge Global** and **R.J. Fleming & Co.**

Group Companies include:

- **The Institute of Applied Science (IAS):** IAS fosters the commercialization of Russian science and technology for peaceful purposes by identifying, funding and developing commercial applications for advanced science and technology developed in the institutes of the Russian Academy of Sciences.
- **MEC International:** Providing high-level diplomatic expertise in Middle East and Energy Risk consulting, MEC works for private and public sector clients on regional analysis and economic development and market facilitation in the Arab World.
- **Gulf Policy Forum (GPF):** GPF is an international not-for-profit think tank bringing together experts from the public and private sectors concerned with policy issues that affect the Gulf region. Developments in the Gulf region with its vast energy reserves, financial strength and geographic location make international policy dialogue essential. GPF brings together policy advisers and decision-makers from the public and private sectors to consider implications of new policies and to review possible scenarios arising from existing policies.
- **Windsor Energy Group (WEG):** The Windsor Energy Group (WEG) addresses global energy issues and problems through discussion and analysis involving senior figures from the public and private sectors. **More than twenty WEG briefings have been hosted by ambassadors from energy producing countries.** WEG provides a framework for an exchange of views on strategic matters of the day. This is achieved through a bi-monthly programme of activities that includes:
 - Dinners hosted by ambassadors and energy companies
 - Studies assessing developments in various parts of the world.

The Group meets annually in *Windsor Castle* for a two-day consultation and consideration of the discussions of the year. WEG offers occasional briefings and meetings with similar bodies in Europe, North America and the Middle East.

We welcome the opportunity to discuss strategic engagements and investment opportunities.

Sincerely,

John Wood
